

Capturing Life's Special Moments

MY GEN

*My Generation
Photographic Studio*

Founded in January 2017, at My Generation Photographic Studio we place an equal focus on the overall experience our clients have and on creating the perfect photo.

Our senior photographer, Gary, has a passion for photography and is a member of the Royal Photographic Society. He was inspired by his love of capturing those special moments of his three daughters growing up. Gary's natural flair for portrait photography was recognised by Canon Photoplus Magazine and he became The Canon Photoplus Apprentice in 2014. This allowed Gary to develop his talent and skills under the guidance of a top Canon professional photographer. Put together with a natural ability to put people, and in particular children, at ease in front of the camera, these talents enable Gary to capture natural, relaxed images.

My Generation Photographic Studio offers a unique and modern approach to studio photography. We specialise in portrait photography - families, children and new-borns, couples, friends and pets.

Take your photos home to share immediately at the end of your photo shoot, electronically on a memory stick. No hidden charges, just a one off payment.

NEW for 2019

MY GENERATION BOX STUDIO SESSION

Sometimes creative photography means thinking outside the box... However, here at MYGEN we've decided to turn creative family photography on its head and put it inside the box.

Have you ever wanted a family group photograph that included Grandparents, Parents, Children and Grandchildren but the standard formal group photo is not to your taste?

Inside the box is a perfect photo-shoot for the whole family. If you are looking for portraits with a difference why not come along to the studio for a fun "Inside the Box" photo-shoot experience. Bring props, pets whatever you want but leave ideas of formal portraits at the door.

Perfect for:

The home lounge wall canvas

Christmas cards to send to friends

Framed prints for all households in the family

Interested? Then please contact us quoting "MyGen Box" for details.

Wedding Photography

This is not formal wedding photography!

We tell your wedding story naturally and creatively. No awkward poses, no saying cheese. Our goal is for you to feel like you have a friend as your photographer, and by doing that we capture you at your most natural.

We truly invest in our couples, spending time to understand what makes you tick.

Even if you don't really know what you want, in a brief chat over coffee we will discuss how best to approach your day. Our understanding of your requirements results in you being relaxed and able to enjoy your wedding with a full set of images tailored to you.

We will visit the wedding venue with you beforehand to discuss location and share ideas.

Portrait Photography

I know, I know. You hate having your photograph taken and you hate how you look in photographs. But despite all of this you'd love photographs of you looking absolutely fantastic.

Well you've landed in just the right place. We help people like you to see that stunning photographs are not just for movie stars and supermodels. You too can rock a photo shoot and look drop dead gorgeous without any cheesy posing and awkward facial expressions.

Whether you want to be in gorgeous photographs with your family, represent your business with fabulous headshots or create elegant, beautiful imagery, it's not just about being photogenic.

It's about choosing the right photographer.

Studio Packages and Pricing

My Generation Studio offers a selection of standard studio packages to suit all requirements and budgets.

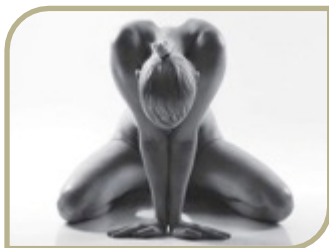

If however, you have any special requests, we will be happy to discuss these with you and come up with a tailor made solution that matches your wishes.

My Generation Box Package

Please see separate brochure.

Family / Group Photographs

Is someone always missing from your family shots, Mummy or Daddy always taking the photo? Well let us be behind the camera and capture some fantastic family images as artwork for your home.

Have your very own family photo-shoot in a relaxed environment because time really does pass so quickly. In a blink of an eye these children of ours become parents themselves and you will always wish you could stop time.

We can't stress how important having a good photo is, you enjoy seeing them on the wall and they make a house a home.

We will take a wide variety of photos to capture you as you really are...a moment you won't forget.

Cake Smash Photography

Turning 1 is a big deal! If you want something a little different to celebrate your child's birthday, well this is it. Why not preserve the moment with a MYGEN "Cake Smash!"

Cake smash photo sessions are great fun for the children and the parents. These photo shoots include a non-messy family photo shoot at the start of your session.

For the second half of your session we will take pictures of the birthday boy/girl eating, smashing, and making a mess!!!!

MYGEN Portfolio of Services

We often get enquiries for a vast range of different photography requirements. Here's just a selection of what we have been involved in.

Pet Photography

From dogs to horses, everyone loves a stunning photo of their special pet.

Business Website Photography

Looking to build or enhance your business website with a portfolio of images to make it stand out and add a splash of colour?

Newborn photography

Children grow up too fast, capture those tiny feet, hands and eyes before the moment passes by. We can respond quickly to ensure that you have this photo-shoot within the first few weeks of baby's arrival.

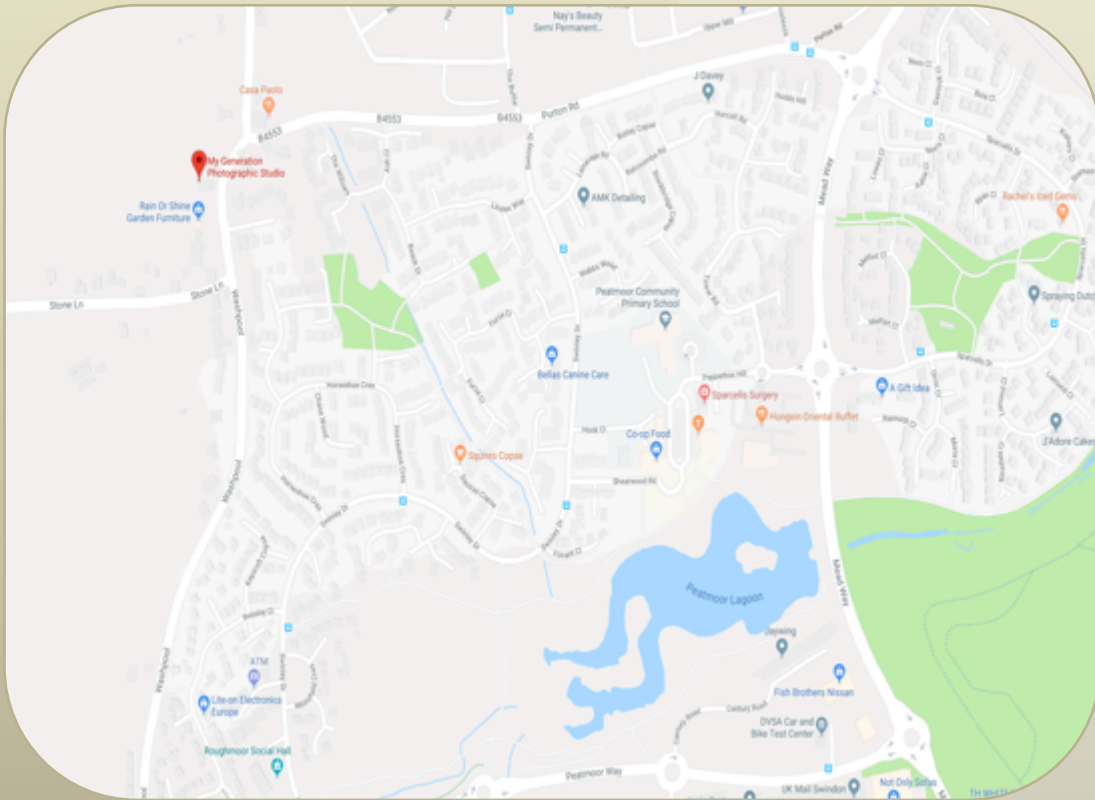

Corporate Events or Awards

Local Football Teams, Horse trials, Company Award dinners, School Proms, Vintage Fairs are just some of the many events that we can offer services for.

Model Portfolios

Launching a modelling career is tricky enough, but you'll make it even harder if you don't have a portfolio. We can help Models to build up their portfolio.

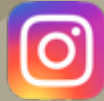

At My Generation Photographic Studio our ethos has always been to deliver outstanding quality work at affordable prices. Situated in Swindon, Wiltshire we are ideally placed to serve the southwest communities. If you are looking for an experienced photographer to capture your perfect images, no need to venture any further.
